About Our Beneficiary:

Throughout her life, Mary Kay Ash showed others how to live. And how to give. She gave hope to women who lacked opportunity and self-esteem, and financial support to the causes she believed in. Although she is no longer with us, her legacy of love continues through The Mary Kay Foundation[™], which she began in 1996. The mission of TMKF is two-fold:

- Eliminating cancers affecting women by supporting top medical scientists who are searching for a cure for breast, uterine, cervical, and ovarian cancers.
- Ending the epidemic of violence against women by providing grants to women's shelters and supporting community outreach programs.

Since its inception the Foundation has awarded more than \$25.1 million to cancer research and related causes affecting women and \$43.8 million in grants to women's shelters and other domestic violence organizations.
