

## WEEK 3 - ACTIVITY 1

---

### Team Member List

#### Audio Transcript

In this activity, you are going to write a list of all the people you know that could become a potential team member. Caution: Don't prejudge! How are you going to communicate with each of them? How will you paint the picture of success?

Have a get-together in person, on Facebook or a conference call and share with them what it will take to become a unit. Find out their goals. Remember the 4 P's in week two. Ask them how you can help them achieve their goals. This is the first step in learning how to coach others as a leader.

Show the Star Consultant prizes. Have them pick the one they would like to work towards. Help them set goals and achieve quick wins! You might also want to share what your unit name will be!
